### Round Single Pole Specialty Rocker Switches

### **Agency Approvals**

Agency	Agency File Number		
c <b>FLL</b> 'us	E42363		

### **Specifications**

Contact Rating	16 Amps @ 125 VAC 10 Amps @ 250 VAC
Electrical Life	10,000 make-and-break cycles at full load
Dielectric Strength	1,500 Vrms min. @ sea level
Insulation Resistance	$10^8~\Omega$ min.
Operating Temperature	-20°C to 85°C1

#### Notes

### **Description**

The CR series are round single pole specialty rocker switches, perfect for use in small and large appliances, computers and peripherals and audio/video equipment. With a round actuator and body, an IP65 rated splash proof rubber boot option and multiple illuminated versions available, CR switches are sure to give designers what they need.

### **Features & Benefits**

- Round actuator and body
- Multiple illuminated versions available
- IP65 splash proof rubber boot option
- Nice styling

### **Applications**

- Appliances, small and large
- Office equipment
- Computers and peripherals
- Audio/Video equipment
- RoHS compliant

#### Materials

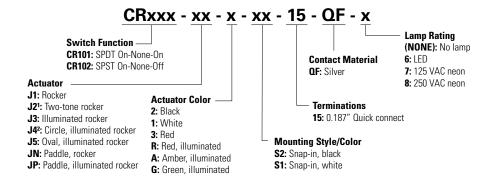

Illuminated Actuator   Polycarbonate, matte finish
End Contacts Silver plated AgSn0 <sub>a</sub> ln0 <sub>a</sub>
1 2 3
All Terminals Silver plated, copper alloy

#### Notes

Specifications and materials listed above are for switches with standard options. For information on specific and custom switches, consult Customer Service Center.

#### **Ordering Number**

To order, simply select desired option from each category and place in the appropriate box. For additional options not shown in catalog, consult Customer Service Center.

Notes: Refer to table on page 2 for actuator options

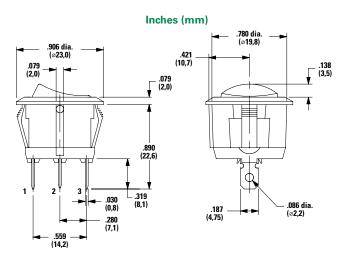

<sup>1.</sup> The operating temperature has a maximum of 65°C
